Office Note 920/4/95

S.R. 538/94-95 Subject - Insertion of cost of Buildings and Machinery up to date as Rs ~~60,000~~/- in Dewan's memo dated 30/11/94.

Last Reference Letter No. 8
From Agent of Messrs Parry & Co.
dated 12th July 1895 to Govt.

1. The papers are put up. The Dewan wrote the draft all right at first thus: - "I had already invested a large sum of money in machinery and had to invest some 1,00,000 Rs so now?"

But scored out the words underlined in blue pencil above.

2. Messrs Parry & Co. want the sum they say they informed the Dewan that they spent on Buildings and Machinery viz Rs 60,000, and not Rs 1,00,000, inserted in the memo.

3. If the Dewan concurs an errata may issue restoring the words in the draft.

54,000 !
In sample

Words scored out in draft

draft which have been
struck out - above.

4. I beg a perusal of
my note dated 11th Dec: 94 and
the draft of 17/11/94. File put
up for enhancing the Rent of
Disty Buildings, from Rs 250 to
Rs 315 per mensem.

5. If the Dewan's draft
is to be altered I respectfully
suggest that advantage may
now be taken to inform
Messrs Parry & Co that the con-
ditions they accepted on taking
over "stock and block &c" will
be the same their successors
will be bound by. In those
conditions there is a proviso
leaving it optional to the in-
coming Contractors to take
over "stock & block &c" by a
certain date -

6. The Dewan intends
inviting tenders one full year
before hand for next contract
and it would be very hard that
the new men should take over
to to 60000 to 70000 Rs in "Pot-
and Stills" which have gone out
of

No 404 of 14/1/92 Para 3
Clause (C). -

3

not only been well used for years
back but have now gone out
of date and were therefore thrown
out by Messrs Parry & Co from
their distilleries where they
have substituted 1st class
English stills which turn out
more liquor per t^{b} of material
used, require less labour,
fuel, water and supervision,
and in which Govt interests
are effectually protected. I
have put up extracts in
the above file (Reur). -

7. The New incumbents
will by the year's time given get
out new plant from Europe,
as Messrs Parry & Co and
Morrisson & Co, have done in
Madras. As the matter is
of vital importance to the
new men and also to Govt
I beg to commend the matter
for favourable consideration
now.

W. A. Bruce
4 1

(2)
Office note dt. 5th November 1895

Subject - (A) - List of value of Plant at the Distillery and putting up the same for Rs 54,590-7-9 and.

(B) - List ^{showing the} of Cost of erecting new and altering old buildings at the Distillery for Rs 1201-10-1 - Both ^{lists} closed up to July 95. -

Reference - Messrs Parry & Co's letter dated 19th October 95 covering the above

1. These lists are evidently sent by Messrs Parry & Co. to corroborate what Mr. Shaw informed the Dewany on 30-11-94 with a view to make an arrangement for an equitable adjustment of cost of Machinery by making the new Contractors pay Messrs Parry & Co. an equitable price therefor, calculating the original cost and deducting therefrom depreciation in value on a reasonable basis as provided by Government.

2. In this connection, I beg to quote the terms on which the last settlement was effected by Messrs Parry & Co. with their predecessors ^{which} will have to be considered when Messrs Parry & Co. in turn make over the Plant, Stock & Block, to their successors. These terms are given in Notification No 404 dt. dated 14-1-92, as condition 3. clause (C) and are embodied in the Consolidated Rules published under No 495 dated 30-3-92 as condition III clause (3) ^{is as} set forth below: -

" If any apparatus, stock
and

and block belonging to the old manufacturer be required by the new manufacturer, he shall give notice to the old manufacturer of his intention to purchase them at a fair valuation, at least, a month before the expiry of the old manufacturer's contract; and in case of dispute, the Excise Commissioner will decide what such a fair valuation shall be. But if no such notice be given the old manufacturer shall be at liberty to remove the same, leaving the old manufacturer to make his own arrangements in the matter. Improvements of a permanent nature shall be retained and not be disturbed, except with the approval of the Excise Commissioner, Executive Engineer.

3 - The above condition ^{deals} starts — effectually with the value of the 2 items included ⁱⁿ in lists A & B, sent up now by Messrs Parry & Co. and I would respectfully draw attention to the words emphasized by me in red ^{ink} ~~ink~~ — The acceptance of Messrs Parry & Co's Plant ~~is~~ ^{is not} compulsory on their successors, but optional. Considering that the Dewan intends giving a year's time, it is clear the new incumbents will think twice ere taking over a lot of old fashioned, well used stills, working now at a disadvantage & loss to them when a couple of good English stills could be had, erected

erected, worked at less expense, with better
out turn, with less water, material & —
greater safety to Govt, and the Contractor;
for as much ^{less} perhaps less than what
they ^{may} be demanded now for their
^{substantially} worn out ^{substantially} items of Plants &c. —

4 - suggests the lists may be sent
to the Excise Commr. for disposal, with
special reference to the aforesaid
quoted condition, where the matter
comes up for disposal eventually.

 drew up the Note & paper
 that it did not meet with
 your

Memo

Mr. W. S. Shaw of Messrs Parry & Co.
Saw me today ~~with reference to his~~
~~letter~~ and enquired whether I could
grant him an extension of the present
Arreche Contract for ~~a~~ a further period
of 5 years from the date of its expiry
some 2½ years hence. I explained to
him how impossible it was for me to
grant any such extension now as no
suff. grounds for such an unusual
action have been made out.

Mr. Shaw then mentioned that
his firm had already ~~been~~ invested
a large sum of money in machinery
~~and had to invest~~ some 10,000 Rs.
or so now. I replied that it
was easy to make an arrange-
ment for an equitable adjust-
ment of ~~price of~~ cost of machinery
that is to say to make the
new Contractor pay Messrs
Parry & Co. an equitable price
for machinery & calculate
the orig. cost & deducting therefrom
depreciation on a reasonable basis.

Mr. Shaw was satisfied with
the assurance for carrying
which was provided that
be made in the tender ~~and the~~

Madras 30 Jan'y 1895.

To The Chief Secretary to Government
Mysore State.

Sir,

In the Official Memorandum
N^o 9058
R 1371 recorded by the Dewan of an
interview that our Mr. W. S. Shaw had the
honour of having with him on 7th December
last in para 2 it is stated that Mr. Shaw
mentioned that we had spent since
commencement of the contract and up to
December Rs. 10,000 in Building & Machinery.
Sir Seshadri Iyer has we regret to say made
a mistake in his figures, for what Mr. Shaw
told him was that ~~we~~ had up to date expended
Rs. 60,000 and that a further Rs. 10,000 would
have to be expended immediately to meet
the increased consumption of liquor.

As it might prejudice us when a valuation
of

of the Machinery is taken at the end
of current lease, we shall be much
obliged if you would have the error
we have pointed out, rectified -

We have the honor to be
